

## **PUBLIC NOTICE: UPDATE ON WASTE COLLECTION**

1. The Waste Collection services have been affected by the breakdown of a number of Trucks that the municipality is leasing from Talis Fleet.
2. The total number of leased Waste Trucks = 9
3. The total number of operational Waste Trucks = 4 (3 + 1 to be released in the afternoon).

The Acting Manager Waste Services will give a daily indication of the routes to be serviced with the limited Trucks until services are back to normal.

Status on the 5 Trucks on the breakdown:

- 2 x Waste Trucks repairs will be completed by Tuesday 13 Sept 2022.
- 1 x Waste Truck repairs will be completed by Monday 19 Sept 2022.
- 2 x Waste Trucks repairs will be completed by mid October 2022.

By Monday 19 Sept 2022 there should be at least 7 operational Waste Trucks which will assist in normalizing the Waste Collection services.

The municipality apologizes for the inconvenience caused in waste collection due to unforeseen breakdown of Trucks and a short-term plan as indicated above, has been put in place to sustain services.
